SCHOOL CAMPUS _____

GRADE _____

The Gifted and Talented Program is a creative and productive thinking program for students in grades K – 12 who have an identified need for differentiated gifted and talented activities in language arts, mathematics, science, and social studies.

In order to be successful in the gifted and talented program, a student should demonstrate most of these characteristics:

- Enjoy developing his/her own creative ideas.
- Work independently with little prompting.
- Enjoys reading and reads frequently.
- Consistently does excellent schoolwork.
- Is self-motivated.
- Has varied interests.

I recommend that this student be considered for the Pottsboro Independent School District's Gifted and Talented Program.
